

# EGGLINER Locomotive

## INSTRUCTION MANUAL ART-22700-01

Recommended  
for age 14 and up.

The Eggliner locomotive is a whimsical creation intended for those with a sense of humor and who just want to have fun running trains. It is, though, a precision made product, having the following features which make it look and operate in a superior manner:

- ★ Modular body and power unit assembly
- ★ Front and Rear lighting
- ★ Front and rear AAR knuckle couplers
- ★ Crisp painting and lettering
- ★ Computer lathe turned metal wheels
- ★ Ball bearing drive

### Operation

Your Eggliner locomotive has a power switch on the underside that allows you to operate from track power or from battery power (see photo below) utilizing an optional battery source.

### Cleaning the Wheels

Over a period of time the wheels may require cleaning as dirty wheels lead to sporadic electrical pick up or other problems. To clean the wheels, remove the locomotive from the track and turn it upside down to expose the wheels. Use Aristo-Craft Smoke Fluid / Track Cleaner, ART-29601, applied with a clean, soft rag to wipe away the accumulated dirt and grease. Do not use abrasives as the resulting grit may enter the motor and gearing and cause operational problems.

### Lubrication

After prolonged usage, it may be necessary to add a drop of oil to the axles at the ball bearings. Turn the unit upside down, and using a needle point oiler, place a drop of oil on each axle where it emerges from the gear box. Be sure that the oil used is plastic compatible.

It should not be necessary to open the gear box and apply grease to the gears. The gear box has been lubricated at the factory with a new, high-tech lubricant, which, under normal operating conditions should last indefinitely, eliminating the need for periodic gear box maintenance.

### Couplers

This unit is equipped with prototypically accurate, operating knuckle couplers which are factory installed on both ends. They may be manually operated by pressing upward on the small tab below each coupler.

### LIMITED WARRANTY

All ARISTO-CRAFT TRAINS products are under warranty for five (5) years from date of purchase against defects in workmanship and/or materials. **Proof of purchase may be required by ARISTO-CRAFT TRAINS.**

Breakage or damage caused by extended use, and items considered to be normal wear and tear by normal use may not be covered under this warranty, and coverage is subject to the discretion of Aristo-Craft Trains.

This warranty is void and does not apply to any product and/or parts and components which have been improperly installed by the purchase/owner, abused or damaged in any way through improper operation such as but not limited to derailments, repairs or modifications performed by non-authorized service centers or technicians.

### SERVICING

Should your ARISTO-CRAFT TRAINS product require warranty service, please return it in the original box, if possible, protected by a proper shipping carton. Send the product fully insured and prepaid. ARISTO-CRAFT TRAINS will not be responsible for any loss or damage incurred during shipping. Be sure to include a brief, but thorough explanation of the problem, together with your name, street address (no Post Office box please), city state or province and country, if outside of the United States. Also include a daytime telephone number so that we may contact you if necessary. Your return address should be clearly marked on the outside of the shipping carton.

Payment for shipping and handling, in U.S. funds, is \$20.00\* and should be included. Your check or money order should be made payable to: Polk's Modelcraft Hobbies, Inc. Do not send cash. If your item is not covered by warranty service, you will be contacted and a repair estimate given before any work commences. Warranty covers manufacturer defects, not normal wear and tear.

The shipping address to be used for returns is as follows:  
ARISTO-CRAFT TRAINS / Polk's Modelcraft Hobbies, Inc.  
Customer Service Department  
698 South 21st Street  
Irvington, NJ 07111 USA  
Tel: (973) 351-9800

Written confirmation of receipt of returned items will be sent with estimated repair time by the ARISTO-CRAFT TRAINS Customer Service Department.
